Recycling Plan Information

This question will appear on forms due January 1, 2007

Is your company interested in participating on the Board for the Washington Materials Management and Financing Authority which manages the standard plan?

☐ Yes ☐ No

This question will appear on forms submitted between January 2, 2007 and January 1, 2008:

All manufacturers are required to participate in the standard plan unless they gain approval from Ecology to participate in an independent plan.

Note: In order to participate in an independent plan, you must have approval from Ecology and:

1. The independent plan member(s) must represent 5% return share of covered electronic products.
2. The manufacturer(s) cannot be a "new entrant."
3. The manufacturer(s) can not be a "white box" manufacturer.

Based on the information you currently have about the Electronic Product Recycling Program, do you plan on submitting an independent plan for review in February of 2008? ☐ Yes ☐ No, I am planning to participate in the standard plan.

If you think your company might seek approval for an independent plan, will you:

☐ Submit an independent plan where your company is the only manufacturer?

☐ Participate with other manufacturers in an independent plan?

This question will be on forms beginning in January 2, 2008

Which recycling plan are you participating in?

☐ Standard Plan ☐ Independent plan name: _____
